Contemporary jewellery display with a difference

THE jewellery market is ever changing with jewellery becoming bigger, bolder and heavier. Focussing on these elements **Rare Basic** have come up with the *Reflective* range, an exclusive collection of assorted height mirrored brilliance bricks together with a fabulous nest of 3 mirrored table and cube units creating glamour with multi reflections. The collection includes neckpieces sculpted with cleavage and contours of the breast, earring holders designed to show long or wide designs, ringcones for big, bold heavy rings and bracelets, elegant hands and pinnable vibrant coloured blocks for all kinds of jewellery but especially brooches.
